

Poster Contest Winners 2009

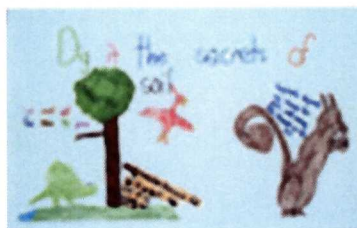

Dig It! The Secrets of the Soil

The annual National Conservation Poster Contest provides kindergarten through twelfth grade students with an opportunity to share their thoughts about soil, water and related issues. It also highlights the educational efforts of the local soil and water conservation districts.

Fifty-eight counties in Missouri participated in this year's event, sponsored by the Missouri Association of Soil and Water Conservation Districts. These posters were selected as the state winners because they best convey the idea of the theme, Dig It! The Secrets of the Soil. The posters then advanced to the national competition, sponsored by the National Association of Conservation Districts.
